# 3D Visualizer

**Location**
Iasi, Romania

**Context**
Arcadis is the leading global Design & Consultancy firm for natural and built assets. Applying our deep market sector insights and collective design, consultancy, engineering, project and management services we work in partnership with our clients to deliver exceptional and sustainable outcomes throughout the lifecycle of their natural and built assets. We are 28,000 people active in over 70 countries that generate more than €3 billion in revenues. We support UN-Habitat with knowledge and expertise to improve the quality of life in rapidly growing cities around the world. [www.arcadis.com](http://www.arcadis.com).

Visualization is an umbrella term describing the process by which architectural and engineering 2D drawings are converted into digital 3D models and visualized into photorealistic 3D imaginary and 3D animations. Our Visualization department is specialize in this 3D service and this service offers a range of design planning and marketing 3D solutions. They are created through the skills and expertise of our talented 3D design team using the most up to date technology and processes.
